

Grateful Patient and Family Program

Dear patients and families:
As healthcare professionals, we hope we had a positive impact on your health and recovery.

Patients and families frequently ask us how they can express their gratitude in a way that enhances the quality of healthcare at Decatur Memorial Hospital.

If you choose, Decatur Memorial Foundation can accept contributions that will be placed in an endowment fund to help provide educational programs for healthcare staff at DMH.

This way, your contribution expands and enriches the skills and abilities of our staff to help you and other patients.

Thank you for letting us positively impact your health.

Sincerely, DMH Staff

The greatest care delivered by the best people
